

WBTS South Cites and Towns as updated by errata by Don Johnson 05/05/2016  
This lists South cities and towns that are used for control to place a Union department.  
Cities and towns in a state are sorted by hex number, including map letter prefix.  
W - Must use water trace to town on railroad then to city  
R - Can trace all by railroad to major city  
M - is a major city, so trace to major city is automatic.
